4	MRS NUTAN TYAGI ( TGT)	<i>Nutan</i>
5	MRS MEENAKSHI TYAGI ( PRT)	<i>Meenakshi</i>
6	MS ANSHIKA ( PRT)	<i>Anshika</i>

**Problems:**

1. Awareness Among parents about sexual abuse.
2. Especially among senior students using of abusive language.

**Discussion:**

53% of children in India have experience one or more forms of sexual harassment. This indicates a clear need for children sanitization. This makes India home to one of the largest population of sexually abuse children. Keeping this in mind, we also had a session with parents in our school. Teacher discuss with parents about the recent problems of sexual abuse of children.

**Precaution steps:**

Teachers suggested parents to watch movie “komal” based on the concept of sexual abuse of the girl child. They were advised to keep their kids the difference between safe and unsafe touch.
